FOREST RESERVE FOR THE SOUTH

Favorable Report Oordered On Appalachian Bill.

MEANS MUCH TO THE SOUTH

Proposed that $3,000,000 Be Immediately Available for Purchase of Lands. Many Southern States Will Be Benefited by the Bill.

Washington, May 19.—By a unanimous vote the house committee on agriculture has ordered a favorable report on the bill providing for the purchase of a national forest reserve in the southern Appalachian and White mountains. Similar action has been taken by the senate committee of forest reservations and the bill will be placed upon the calendars of the two houses of congress.

Substantially the legislation recommended by the bill is that urged by the American Forestry association, the national board of trade and other organizations. It authorizes the secretary of agriculture to purchase or otherwise acquire lands in the Appalachian mountains within the states of Maryland, West Virginia, Virginia, North Carolina, South Carolina, Georgia, Alabama and Tennessee and in the White mountains within the state of New Hampshire and to administer these reservations under the laws governing such reservations.

There are provisions for purchase of lands, exclusive of timber or mineral rights, aceptance of gifts of land and reforesting clearings wherever necessary for protection of soil or water supply. An appropriation of $3,000,000 to be immediately available is proposed.

An approximate area of 17,500 square miles comprises the Appalachian region, with a length of 350 miles and a width varying from 35 to 65 miles. It is not proposed that the reserve shall embrace any considerable portion of this section, nor that any part of the reserve shall lie contiguous to all the others. Discretion is left with the secretary of agriculture to purchase such lands as may be readily acquired and will prove adaptable to the purpose.

This is a region of mountains and includes the most prominent geographical features of the southern states. Mount Mitchell, in North Carolina, is the highest peak having an elevation of 6,712 feet. Over forty peaks and 6,500 acres of land lying in the Blue Ridge and Unaka mountains have an elevation of over 6,000 feet, while the whole region has an approximate altitude of 2,500 feet.

It extends from Maryland south westward and lies between the Piedmont plateau on the southeast and the Appalachian valley on the northwest. It consists of parallel chains of mountains, the Blue Ridge and the Alleghenies on the southeast, and the Unaka mountains on the northwest, with a mountainous table land lying between. Prevailing trend of the system is from northeast to southwest on Grandfather mountain. In the Blue Ridge are two springs within a few feet of each other, the waters of one flowing north find their way into the Mississippi, while the other, flowing west, forms the headwaters of the Yadkin, which flows southeast through North and South Carolina and empties into the Atlantic ocean.

Necessary in Peace and War.

Washington, May 19.—"The San Francisco disaster, the Japanese famine, the eruption of Vesuvius and the recent typhoon in the Philippines, all have given the Red Cross an opportunity to show its usefulness and have demonstrated that a relief organization is just as necessary in peace as in war," said Miss Mabel T. Boardman, of the executive council of the American Red Cross, who has just returned from a three-weeks' trip through New England, where she addressed many meetings in the interest of the Red Cross movement.

FINAL FIGURES OF PRIMARIES

Many Counties In State Name Their Officers.

Moultrie, Ga., May 19.—The Democratic executive committee of this county heard the petition of J. A. Campbell, late candidate for sheriff, for a recount of votes of the primary held April 18.—Campbell was defeated by J. A. Collier by 12 votes. He claims that the aggregate vote for the candidates for sheriff at the Moultrie precinct exceeded the entire vote cast at this precinct by five, and alleges an error in the count. He has been urging a recount, and was given a hearing. Collier, the nominee, opposed allowing a recount, and the contest before the committee was a spirited one. Both candidates were represented by attorneys. The committee voted almost unanimously in favor of a recount. Collier announces that he will institute injunction proceedings to prevent the recount, and R. G. Clark, clerk of the superior court, with whom the ballots and tally sheets were deposited, states that he will refuse to surrender these to the committee without mandamus proceedings, as under the law he has no right to do so. A spirited fight is promised over the matter, and the results will be watched with much interest.

Official Announcement Made.

Rome, May 19.—Premier Sonnino in the chamber of deputies have officially announced the resignation of the cabinet. The Sonnino ministry was defeated Thursday by a majority of 27 as the result of the impatience of the opposition which, contrary to the advice of former Premier Giolotti, who was not present at Thursday's sitting, would not wait for the developments of the whole Sonnino program, but attacked the cabinet on a question of procedure regarding the order of parliamentary work. The ordinary cases this would not have been sufficient for the cabinet to resign, but Thursday's vote, it was understood, showed unexpected strength on the part of the opposition, and the premier concluded that he was called upon to retire.

EMPEROR'S REPLY ANXIOUSLY AWAITED

Reply Is Made to Speech From the Throne.

EMPEROR'S COURT IS DAZED

The Issue Now Raised Is Not Likely To Be Decided Quickly—Policy of Government Will Be To Gain More Time.

St. Petersburg, May 19.—The critical moment which will decide whether there will be peace or war between the crown and the people apparently arrived with the adoption by the lower house of parliament Thursday night, of its reply to the speech from the throne.

President Mouromtzeff has gone to Peterhoff to present the reply to the emperor, and his majesty's response is awaited with great anxiety.

Popular opinion considers that the government has no option between surrender or war. Nevertheless, while events during the past week followed each other with extreme rapidity, the issue now raised is not likely to be decided quickly.

The Russians generally believe that the emperor's court and government undoubtedly have been dazed by the blunt, direct fashion with which parliament has spoken out and their policy naturally will be to gain time.

The emperor personally is in a beneficent frame of mind and for the present will not listen to the councels of those who advise him to dissolve parliament and fight. Nevertheless, he is resolved not to yield anything like all that parliament demands. It safely can be predicted, therefore, that he will pursue a temporizing policy with partial amnesty as the first sop thrown to the country. The constitutional democratic leaders, whose program would be upset by the dissolution of parliament, are quite as anxious as the emperor to avoid the precipitation of a conflict. They would regard the failure of the government to declare war as a big preliminary victory, of which they would take advantage by forcing through their agrarian project, on which they count to strengthen themselves in the country before the final battle begins.

That the court reactionists, headed by General Trepoff, are seeking in every way possible to influence the emperor to fight, is apparent by the discovery made by the Rech of a secret circular sent to the governors instructing them to have the "Black Hundred" organizations immediately dispatch to the emperor protests against amnesty and the abolition of the death penalty. These have been flowing into Peterhoff from all directions, over 50 being prtated in the Official Messenger today.

Situation is Critical.

Steubenville, O., May 19.—More Pinkerton men are being rushed to the mines in Jefferson county, and the force now numbers 150 armed men, but Sheriff Voorhees refuses to swear them in as deputies as they are not residents of the county. The situation is critical and if the operators succeed in opening their mines next Monday, bloodshed is sure to follow.

SPARE THE TREES, SAYS WOMAN'S CLUB

Twentieth Century Does Not Appreciate Cutting Landmarks.

WILL PETITION AUTHORITIES

Club Decided at Last Meeting to Provide for Scholarship in Kindergarten Department of Woman's College—Other Matters of Interest.

At a recent meeting of the Twentieth Century Club held at the home of Mrs. E. E. Cannon several important items of business were transacted.

A paper was read from the State Federation which very graphically described the recent legislation establishing free kindergartens and the Club was asked to help support a free scholarship in kindergarten training at the Woman's College in Tallahassee, which the Club by unanimous vote agreed to do, and the sum of $5 for two years was given for this purpose.

Committees were also appointed to look into the establishment of a free kindergarten and music in our public school. Free preservation is also one of the questions with which Club women all over State have been interesting themselves, and when it was reported that some of the beautiful trees on one of the main thoroughfares of our city had been needlessly sacrificed, general disapproval was expressed by the entire Club and it was decided to send a petition to the city fathers and Board of Public Works asking them to spare the trees, which are the pride and main attraction of our town.

The business of the afternoon being concluded, a very pleasing entertainment was afforded in the violin solo and duet by Misses Hampton and Richards.

Dainty refreshments were served, which all enjoyed, and all left feeling that the afternoon had been profitably and delightfully spent.

From Tax Assessor Colson.

To the Democratic Voters of Alachua County: I desire to express to you my sincere appreciation for the large commendatory vote that you gave me in the recent primary. I feel that the large majority that I received was not given for personal reasons, but rather as an expression of your approval of the conduct of the affairs of the office of tax assessor.

In the continuation of the duties of the office my sole ambition will be to work with an eye single to the best interest of the whole people of Alachua county.

With sentiments of gratitude to all who supported me and malice to none, I am very respectfully,

WILLIS W. COLSON.

WANT AND NEED.

There's a big difference between what a baby wants and what he needs. Deny him the one, give him the other. Most babies need Scott's Emulsion—it's the right thing for a baby. It contains a lot of strength-building qualities that their food may not contain. After a while they get to want it. Why? Because it makes them comfortable. Those dimples and round cheeks mean health and ease. Scott's Emulsion makes children easy; keeps them so, too.

SCOTT & BOWNE, 409 Pearl St., New York.

MR. PEDRICK GRATEFUL.

Extends His Thanks to the Voters. Favors Hard Roads, Etc.

Editor Sun: I ask space in your valuable paper to express my thanks to the people of Alachua county at large for the kind support I received at the polls last Tuesday. By your ballot you have chosen me as your choice to serve you for the next two years as county commissioner. For this generous expression of your respect and confidence I am deeply and truly grateful, and I wish to say further that it has been my aim during the past term, and shall be in the future, to advance the interest and welfare of county in all the lines of progress as far as it is in my power to do so.

I wish to say to the people of the county again that I am heartily in favor of good roads—get roads that are better than what we have at any cost. I would be in favor of bonding the county for not less than $100,000 for the purpose of making clay roads from east to west and from north to south, and I believe with that amount of money we could have them.

I believe that the county convicts should be kept on the roads all the time, and I believe that is the only way that we will ever secure a system of good roads.

Thanking you again, and pledging to you my best service as your commissioner, I beg to be remembered, yours very respectfully,

C. C. PEDRICK.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

From Mr. Peeler.

To the Democratic Voters of Alachua County: I wish to express to you my sincere thankfulness and heartfelt gratitude for the liberal support you gave me, and in electing me your candidate for county treasurer on the 15th inst. I wish to thank every individual who voted for me, and feeling no ill will for those who voted against me, I shall endeavor to perform the duties of the office to the best of my ability and to the satisfaction of the people, hoping they will never regret placing their trust in me.

Again thanking one and all, I remain yours truly, R. B. PEELER.

WILL REBUILD HOME.

'Dolph Chamberlain Will Have One of Prettiest Homes in County.

R. M. Chamberlain, the trucker of Tacoma, who recently had the misfortune to lose his fine home, just completed, has decided to rebuild, and work will begin upon the new structure in a few days.

Mr. Chamberlain's misfortune in losing his fine home will be remembered by all his friends. The elegant residence was destroyed by fire a few months after it had been completed. It was one of the most modern homes that could be erected, considering the absence of waterworks, sewerage, and other conveniences enjoyed by those who reside in the city. A loss of several thousand dollars was incurred, which was a serious matter to the owner.

Mr. Chamberlain and W. M. Burch passed through the city Saturday en route to Otter Creek, where they will select lumber for the home. Mr. Burch is a contractor, and will erect the house, which will contain eight rooms.

HEAT PROBLEM SOLVED

How Jones Kept Cool While His Neighbors Roasted.

The secret is out.

"These last few days have been scorchers, haven't they?" said the man with the linen suit, to Jones, on his way to luncheon.

"I haven't noticed it much," replied Jones; "in fact, we've managed to keep pretty cool at our house. For awhile, however, we did suffer from the heat, and each day seemed hotter than the last.

"But the other day my wife was down shopping and she discovered something that has made our porch the coolest spot around the place.

"Mary serves luncheon there, and the youngsters spend the whole day on the porch, free from any danger of sunstroke. We get every breeze that passes, and the sun can't touch us.

"We're the envy of everybody in the block, and both Brown and Smith said this morning they were going to follow my example."

"What's the name of this wonderworker?" said the man in the linen suit.

"Vudor Porch Shades," replied Jones, as he turned in his gate. "You can get them at the

MRS. KNIGHT'S RECEPTION.

Gave Delightful Entertainment For Gainesville Visitors.

The Ocala Star of Thursday, the 17th inst., has the following to say which will be of interest to the readers of The Sun:

"The reception tendered yesterday afternoon by Mrs. L. J. Knight, in honor of Mrs. James W. McCollum of Gainesville, sister of the fair and accomplished hostess, and Miss Jessie Bodiford, also of the University City, was a most pleasant social affair.

"Those who assisted the hostess in receiving were Mrs. Will Knight and Miss Sue Barco.

"Those who charmingly assisted Mrs. Knight in her social function were Miss Sara Harris, who welcomed the guests and indicated the way to the back parlor where Misses Eloise Izlar and Valeta Potter received the ladies, who were served from the punch bowl by winsome Miss Lou Harris and Miss Grace Hatchell.

"Mrs. W. D. Richie and Mrs. S. Potts Eagleton, at the table, served cream and cake, which were passed by little Gladys and Theo. Wallis, Tommie Standly and Nellie Beckham.

"The ladies were beautifully gowned in white, which largely predominated in the floral decorations, which were exquisite in arrangement.

"An orchestra discoursed splendid music, and the large number of ladies present, about 100, enjoyed the occasion as one of the most pleasing social gatherings of the season."

A BIT OF HISTORY

Regarding the Famous Boiling Spring at Silver Spring, Marion County.

Those who attended the picnic to Silver Springs, almost without exception, desired to know the story that exists relating to the Boiling Spring, and no one seemed able to relate it.

The beautiful legend is related in "Patchwork," by Manley Bainbridge Crist, which is to be found in the Public Library. Several other books of Florida history, legends and fiction are also to be found there.

Take Time To Eat

Hurry at Meals Will Send You to J. W. McCollum & Co. for Mi-o-na Stomach Tablets.

"Eat in haste and repent at leisure" is an old saying brought up to date.

Hurry at breakfast means a bad start for the day, and if you hurry also at the other meals, you will soon suffer with loss of appetite, sleeplessness, nervousness, furred tongue, specks before the eyes, headaches, back-aches, weakness and debility, indigestion, or other ills that are caused by an abused stomach.

Here in Gainesville, as in thousands of others places over the country, hurry at meals increases the druggist's business. Not a day passes that J. W. McCollum & Co. do not sell several packages of Mi-o-na stomach tablets to those who have ruined their digestion by not taking time to eat.

J. W. McCollum & Co. have seen so many cures made by Mi-o-na that they sell it under an absolute guarantee that it will be successful in every case where it is used in accordance with directions, that is, one tablet before each meal, and will refund the money to anyone whom it does not help. A large box of Mi-o-na tablets costs but 50 cents if it cures; nothing if it fails.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

DEAF, DUMB, BLIND WILL GIVE CONCERT

Something New and Novel Will Soon be Presented.

FROM ST. AUGUSTINE SCHOOL

The Quartette of the School For the Blind, Deaf and Dumb, Which is Now Touring the State, Will Appear in Gainesville Early in June.

Gainesville is to be favored within the next few days with a most novel entertainment, which will be nothing more than a musicale to be given under the auspices of the Florida State School for the Deaf, Dumb and Blind at St. Augustine, of which Prof. Wm. B. Hare is superintendent. This entertainment, which will be of a vocal and instrumental nature, will be given under direction of Prof. R. L. Parks, and the proceeds will go towards the benefit of the institution. The motive in this entertainment is also to bring the school into notice, thereby increasing public interest in the school. This will be a rare opportunity for our people to learn something regarding the mysterious ways in which the blind are educated.

The program, consisting of choice musical selections from the greatest masters, will be interspersed with reading and vocal music.

The quartette is now touring the State and will appear in Gainesville early in June. Further particulars will be given later.

Two Delightful Occasion.

A delightful birthday social was given at the home of Mr. and Mrs. W. C. Campbell, North Gainesville, Thursday evening.

This entertainment was a most novel one, and the fact that the guests were compelled to pay admission was an amusing feature. The proceeds were for the benefit of the North Gainesville hall, which is the only resort of amusement for the good people of that locality, and all who attended were required to bring a penny for each year of their age. The situation was quite ridiculous, for the ages ranged from one to two hundred years, according to the contributions. Refreshments were served, and Mr. and Mrs. Campbell retained their reputation as entertainers.

A box social was also given at the hall, for the same benefit, Saturday evening. Each lady attending brought a box with her name enclosed, while the gentleman securing the box with name of the donor was expected to share the lunch with them. This affair was also a most pleasant one, and a neat sum was realized.

NADINOLA is guaranteed and money refunded if it fails to remove freckles, pimples, tan, sallowness, liver-spots, collar discolorations, black-heads disfiguring eruptions, etc., in twenty days. Leaves the skin clear, soft, healthy, and restores the beauty of youth. Endorsed by thousands. Price 50 cents and $1.00 at all leading drug stores, or by mail. Prepared by National Toilet Co., Paris, Tenn.

Sold in Gainesville by J. S. Bodiford & Company, W. M. Johnson, and J. W. McCollum & Company.

Brother Harris of The Ocala Banner is perhaps now fully convinced that *burrs* should be handled with care.

Speaking without prejudice, The Sun desires to say that Dr. Crill is a mighty good piece of timber to make a president of the Senate out of.

The people of Florida will never be led to believe that Governor Broward is other than a straightforward, honest, square, courageous man.

Since Brother Matthews of The Telegraph has announced that Starke has an automobile it is now up to The Live Oak Democrat to show up or shut up.

The impression that there are not enough heroes to claim all the Carnegie medals may be due to the fact that as a rule real heroes are modest men.

To drain or not to drain—"that's the question" that will probably take up a good deal of time and call forth a good deal of oratory—and so forth—up at Tallahassee next spring.

For the first quarter of this year the steel trust made $36,634,490 as against $23,025,606 in the first quarter of 1905. It is just getting infanter and infanter every year.

A Milwaukee official claims to have discovered that the "electric light bug," the large insect that hovers around street lamps in summer evenings, is a carrier of tuberculosis germs.

If the editors of those two most excellent papers, The Ocala Banner and The Ocala Star, will brush the dust off their Bibles and turn to Psalm 132: 1, they will doubtless find something they can read and ponder on with profit to themselves—and relief to their readers.

The good things that we covet never seem so good after we get them. There always was more in anticipation than in realization. The automobile as it whizes by looks awful good to the average man, but just ask one who has been trying to run one for a year or so for his opinion of autos.

A new game has cropped out called "The Editor," and a country weekly tells about it. Take a sheet of ordinary writing paper, fold nicely, enclose a bank note sufficiently large to pay all arrearages and one year in advance, and hand it to the editor. Keep your eye on him, and if a smile adorns his face, it works fine and dandy. Now is the time to play the joke. It beats ping pong, pit and finch all hollow.

CARD FROM COL. DELL.

To My Fellow Citizens of Alachua County:

To you, my friends, I can only in a feeble and imperfect way express my deep feeling of gratitude for the very flattering vote you gave me. At my age I had no political ambition. When I entered the race for State Senator the way was clear; my only motive in finally consenting was that I might be of some service to my county. I have now determined never again to be a candidate for any office.

The vote you so kindly gave me on the 15th inst. is the last opportunity you will ever have of honoring me. In retiring to the home of a peaceable citizen I take with me no ill feeling for those who voted against me. Whatever injustice may have been done me is no longer a matter between me and them.

My prayers shall be that the winning candidate, Hon. H. H. McCreary, may so conduct his political course in the future that I may rejoice with his other friends in the fact that my defeat has stimulated him in making for himself a record of which anyone could well feel proud.

I thank you, my friends, in a way no human tongue can express, and my sincere wish is that your choice may prove to be a wise one, resulting in great good for the county at large.

Warmly your true friend,
JOHN B. DELL.

MR. BOYLSTON'S PROMOTION.

A circular letter from the passenger department of the Seaboard Air Line, Portsmouth, Va., under date May 14, bears information of the appointment of Mr. S. C. Boylston, Jr., to be assistant general passenger agent of this line, with headquarters in Jacksonville, vice Captain A. O. MacDonell, who has been assigned to other duties.

Mr. Boylston has many friends throughout Florida and is one of the most widely known transportation men in the State. He is regarded as a man of unusual ability in that particular branch of the work to which he has been appointed, gained by long and valued experience. He has been for several years in the passenger department of the Seaboard at Jacksonville, and the promotion comes as a deserving one.

In his capacity as assistant general passenger agent, which he now relinquishes to assume other duties, Captain MacDonell has proved a faithful and efficient servant of the people, and the best wishes of his friends, especially the press throughout Florida, to whom he has been very kind, are his.

Representative Hearst of New York introduced a bill appropriating $50,000,000 towards the building of good roads for the purpose of extending the postal service and lessening the dependence of the agricultural and industrial interests on railroads. The plan proposed is that not more than $10,000,000 of the amount shall be expended in any one year. When a country road is built for a distance of ten miles or more the government is to pay half the cost.

"A number of ailments, some of them extremely dangerous, are comprised under the general head of postage stamp tongue," said a physician. "Postage stamp tongue, in a word, is any disorder contracted from the licking of postage stamps. Three or four persons a week visit me with postage stamp tongues. They have a throat trouble, or a skin disease, or a pulmonary complaint, brought on by the reckless habit of stamp-licking."

Until comparatively recent times the only harrow was a large pile of brush or tree branches, dragged across the field by a team of oxen.

One man's fault is another man's lesson.

A GIRL IS DEAD IF SINGLE.

If the young lady who dropped the following poetic effusion near the post-office will call at this office she can obtain the original copy and other papers of interest. Here's the way it reads:

"Tell me not in idle jingle, marriage is an empty dream, for a girl is dead that's single, and things are not what they seem. Life is real, life is earnest, single blessedness a fib; man thou are to man returneth, has not been spoken of the rib. Not enjoyment and not sorrow is not our destined end or way, but act that each tomorrow finds us nearer marriage day. Life is short and youth is fleeting, and our hearts though light and gay, pleasant drums are beating wedding marches all the way. In the world's broad field of battle, in the bivouac of life, be not like dumb driven cattle, be a heroine—a wife. Trust no future, however pleasant—let the dead past bury its dead. Act, act, in the living present, heart within and hope o'erhead! Lives of married folks remind us we can live our lives as well; and departing leave behind us lots of kids to shout and yell; such examples that another, wasting time in idle sport, a forlorn unmarried brother, seeing shall take heart and court. Let us then be up and doing, still contriving, still pursuing, and each one a husband get."

Never lose faith in human nature. This is a good place to be in, right here on this old earth. Lots of nice folks here, too. The trouble is that many of us get a notion that we are the only good people left in the world. But we are not. When we get to thinking that way, it is a sure sign we need to take a trip out into the world and see what is going on there.

Abolish Franking Privileges.

Berlin, May 18.—In the reichstag Herr Singer, the Socialist leader, discussing the budget of the ministry of posts and telegraphs, remarked that one easy way to increase the revenues of that department was to abolish the franking privileges enjoyed by the members of princely houses and government officials, which cost the government $6,200,000 yearly.

Serious Fight Reported.

Washington, May 19.—The navy department has received the first report of a serious fight which occurred at Guantanamo, Cuba, on April 29th between American sailors and natives, in which one American was shot and 22 otherwise were wounded. While the sailors were ashore at Guantanamo they left the naval reservation and were attacked by a large band of natives, who used their knives and machetes with telling effect. The blue jackets had no weapons and although outnumbererd 3 and 4 to one they fought with their fists until all were disabled. The local police, it is said, instead of attempting to quell the riot, sided with the natives. The sailor who was shot was for a time in a serious condition, but has since recovered.

Thief Steals Automobile.

New York, May 19.—A ten-thousand-dollar automobile containing $2,400 worth of bonds, scrip and other valuable papers, was stolen early Friday by a daring thief, who jumped into the machine while it stood unoccupied on Broadway near Forty-second street. Its owner, J. H. Clarke, an automobile manufacturer, had stepped into a restaurant nearby. He heard the automobile puffing as it started away and although he rushed immediately to the street, the thief sped the machine around a corner and escaped

OBITUARY.

Died, at her home in White Springs, Florida, May 3rd, Mrs. Jessie Sinclair Demere, in the eighty-fourth year of her age.

The deceased was born at Halifax, Nova Scotia, April 16th, 1823. She came to Savannah as a teacher at sixteen years of age, and although so young, eminently qualified for the work. Her highly cultured mind, personal beauty and rare charm placed her immediately in the ranks of cultured and wealthy people. She married a gentleman of high character and great wealth, Mr. Paul Demere, at Savannah, when she was twenty years of age. Here most of her family of twelve children were born, but during the war much of their property was confiscated and the family ultimately settled at White Springs.

Mrs. Demere was the possessor of a mind of strong grasp and wide range, and she kept fully abreast of the times up to the last moments of her life.

It was an inestimable privilege to be her friend, and a liberal education to be permitted to hear her intellectual conversation.

Her death is a misfortune to the community in which she lived, and to her many friends in Georgia, Florida, Kentucky and many other States.

We can find our only consolation in the reflection that she is now supremely happy, and enjoying all those intellectual pleasures which we had longed to give her here.

Our light is the glory which shines through the tomb from the evergreen mountains of life.

Attention is directed to the change of advertisement of the New York Racket, Phifer Bros., which appears elsewhere in this issue. This enterprising firm very cleverly reminds the public that the traveling season will soon be on, and suggest hat intending purchasers will save from 15 to 50 per cent by purchasing trunks and valises at the New York Racket.

J. E. Clemmons, a progressive farmer of Brooker, Bradford county, and a good friend and subscriber of The Sun, was in the city yesterday and made The Sun office an agreeable call. Mr. Clemmons states that the people of his section were never more prosperous, and that the prospects are fine for next season. A large acreage of cotton is planted in the Brooker section this year.

Among the prominent visitors to this city yesterday was Hon. T. A. Doke of Santa Fe, the efficient member of the school board from that district, and who has just been elected a member of the Lower House by the primary vote of the 15th inst. He is a very competent and conscientious man, and will no doubt render his constituents a good service.

Hon. Henry S. Chubb, receiver of the United States Land Office, has returned from Pensacola and Tallahassee, where he has been in attendance upon the sessions of the United States Court. During his absence Col. Chubb, who is exalted ruler of Gainesville Lodge No. 990, B. P. O. Dr. J. H. Alderman, the dentist, has returned, after a prolonged absence—a forced vacation, owing to the fact that he had the misfortune to break his right arm while attempting to adjust a nut on an automobile several weeks ago. Dr. Alderman, however, accepted his misfortune in a good-natured way, and made the best of a situation that any man could make with a broken limb. He attended the State meeting of the Dental Association in Jacksonville, among the members of whom he has many friends, and naturally spent the time very enjoyably. He is again at his post, and his friends are glad to know that he is able to be at work again.

Justice J. A. J. Strickland of Hague, who has been here for the past three or four days serving as a juryman, having been excused, returned to his home yesterday. He was accompanied by his son, Clyde, who came in for him. It will be remembered that Clyde had the misfortune to stick a splinter in his foot several days ago. He was brought here Wednesday for an operation, having suffered a great deal. The operation was performed, and a splinter nearly two inches in length was taken from his foot. He returned to his home and immediately proceeded to improve, with the result that he is again all right. This will be gratifying information to friends of the young man, as well as his parents.

SORES That REFUSE TO HEAL

There is no surer evidence of a poisonous, polluted condition of the blood than that manifested by a sore that refuses to heal. Every symptom suggests pollution; the discharge, the red, angry flesh, the inflammation and discoloration of surrounding parts all show that the ulcer is kept open by a constant drainage through it, of impurities from the blood.

When the blood is pure and healthy any cut, bruise or wound will heal readily; when from any cause, however, the blood has become infected with germs or poisons the place becomes a sore or ulcer, sometimes scabbing over, but never fully healing, because it is kept irritated and inflamed by the impurities in this vital fluid. Often the rough handling of a wart, mole or pimple which has never shown any sign of trouble, a slight scratch or abrasion of the skin or insignificant hurt of any character will become a sore that refuses to heal, and remains for years, eating into the surrounding flesh, resisting treatment and sometimes terminating in Cancer.

I want to recommend your S. S. S. to any who are in need of a remedy for an old sore.

In 1877 I had my leg badly cut by a barrel hoop and having on a blue woolen stocking my leg was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. Nothing would heal the ulcer and I thought I would have to go through life with a discharging, angry sore on my leg. A short while ago I commenced to use S. S. S. and I soon saw that the place was improving. I continued the use of it until my leg was entirely healed and I am now a well man.

JNO. ELLIS.
250 Navy St., Brooklyn, N. Y.

I had a large sore or ulcer on my face and nothing that I tried would benefit me It began with shooting pains and soon the itching was terrible. At first it discharged a watery fluid which changed to a thicker composition and the pain was very severe. It was nearly as large as a dollar and terribly inflamed in all the surrounding parts. It had been there so long and growing worse all the time, I became very much discouraged and alarmed. At last I began the use of S. S. S. At first the ulcer seemed to get worse, but soon I noted an improvement and continued its use until it was entirely cured.

MRS. W. A. WRIGHT.
Gary, Fla.

The poison in the blood may be the remains of some constitutional disease, the effects of a long spell of sickness leaving disease germs in the system, or the absorption of refuse matters of the body which have not been properly expelled through the channels of bodily waste. But whatever the cause the vitality and purity of the blood is so weakened and polluted that it cannot properly nourish the system, and the sore or ulcer is kept up.

Those most usually afflicted with chronic sores and ulcers are persons who have reached or passed middle life; the vitality of the blood and strength of the system have naturally begun to weaken and the poisons in the blood which perhaps have been inherited and lain dormant in the system for years cannot be as effectually held in check as in early life when the system was strong and vigorous. While the old or middle-aged are the usual sufferers, the young are not exempt if the blood becomes infected with the germs.

Salves, plasters, lotions, etc., cannot cure old sores and ulcers because they do not reach the seat of the trouble. Such treatment keeps the place clean, relieves pain and perhaps reduces the inflammation, and in this way is beneficial, but can never permanently heal them. The only treatment that can do any permanent good is a competent blood purifier, one that goes to the very root of the trouble and removes the cause, and for this purpose nothing has ever been found to equal S. S. S. It goes down to the very fountain-head of the disease, drives out all poison and morbid matter, builds up the weak, sluggish blood, gives energy and strength to the entire system, and allows the sore to heal naturally and permanently. S. S. S. is purely vegetable, being made of roots, herbs and barks possessing cleansing, healing properties, and is not only the King of blood purifiers, but the greatest of all tonics. If you have a sore that is slow in healing do not waste time with external treatment nor experiment with unknown medicines, but begin the use of S. S. S. and by removing every vestige of the cause, cure the trouble permanently. Special book on sores and ulcers and any medical advice desired furnished without charge to all who write.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair be sure to result.
